PROFESSIONAL SUMMARY

Amazon Advertising & Marketplace Operations Manager with 7+ years of experience managing Amazon Seller Central and ecommerce operations for growing brands across Amazon and Shopify platforms. Experienced in full marketplace management including advertising optimization, catalog management, listing improvements, inventory monitoring, product launches, and operational reporting.

Skilled in analyzing Amazon PPC performance through search term reports, keyword data, conversion metrics, and advertising trends to identify optimization opportunities, reduce wasted spend, and improve traffic quality. Experienced in Sponsored Products campaign management, keyword harvesting, negative keyword optimization, campaign restructuring, and listing improvements to support profitable growth.

Strong background connecting advertising decisions with marketplace operations — including inventory availability, product performance, pricing, listing quality, and customer demand — to make data-driven recommendations beyond ACoS alone.

PROFESSIONAL EXPERIENCE

Amazon & E-commerce Manager U.S. Health & Wellness Brand (Freelance) March 2020 – March 2026

Managed Amazon Seller Central and Shopify operations for health and wellness brands, overseeing marketplace performance across advertising, catalog management, inventory planning, product optimization, and operational workflows.

Confidential – details available upon request

Amazon Advertising & Marketplace Management

- Managed end-to-end Amazon Seller Central operations for 100+ SKUs, including listings, catalog updates, pricing, inventory monitoring, account health, and issue resolution (suppressed/stranded listings, catalog errors, Seller Support cases).
- Owned Amazon PPC across Sponsored Products, Brands, and Display with mid five-figure monthly ad spend; optimized keyword targeting, match types, and product-to-search alignment to improve advertising efficiency and profitability.
- Regularly analyzed search term reports to expand high-performing keywords, add negatives, and restructure campaigns, reducing wasted spend and improving ACOS/ROAS over time.

- Monitored and acted on key metrics (ACoS, TACoS, CTR, CPC, CVR, ROAS, impressions, clicks, attributed sales) to guide budget allocation and campaign strategy.
- Supported new product launches via keyword research, listing optimization, early performance monitoring, and iterative adjustments to advertising strategy.
- Conducted competitor and Amazon SEO analysis to improve keyword positioning, discoverability, and organic ranking opportunities.
- Produced weekly performance reports covering sales, PPC, inventory health, keyword insights, and operational KPIs to support leadership decisions.

Inventory & Marketplace Operations

- Tracked SKU-level performance, inventory levels, and sales trends to identify replenishment risks and prioritize high-velocity products.
- Supported inventory forecasting using historical sales, seasonality, and product performance to reduce stockouts and overstock.
- Coordinated with suppliers and fulfillment partners to maintain inventory availability and minimize lost sales from out-of-stock situations.
- Provided marketplace insights to inform pricing, promotions, ad allocation, and product roadmap priorities.

Shopify E-commerce Operations

- Built and maintained Shopify stores, including product setup, collections, pricing, inventory sync, and fulfillment workflows.
- Coordinated with suppliers, warehouses, and logistics partners to ensure accurate product data and smooth order operations.
- Developed SOPs and workflow improvements that increased operational efficiency and reduced manual errors.

Shopify Operations Assistant

Wang Li (Freelance)

March 2023 – October 2023

Built a Shopify ecommerce store from the ground up and prepared the platform for business operations.

- Configured Shopify store settings, product catalogs, collections, variants, pricing, images, tags, and SEO-ready product pages.
- Organized store structure and navigation to improve customer experience and operational usability.
- Conducted competitor research and product analysis to support merchandising and pricing decisions.
- Delivered a complete Shopify store setup allowing the business owner to independently manage daily operations.

Amazon Marketplace Manager

Victor Lim (Freelance)

April 2024 – November 2024

Supported Amazon marketplace growth through Seller Central management, PPC optimization, listing improvements, and performance analysis.

- Managed Amazon Seller Central operations including catalog updates, listing optimization, inventory monitoring, and account health management.
- Optimized Sponsored Products campaigns through keyword research, search term analysis, bid adjustments, and campaign structure improvements.
- Identified inefficient PPC traffic by reviewing customer search terms and implemented keyword targeting improvements.

- Analyzed campaign performance using ACoS, CTR, CPC, ROAS, conversion rate, and sales data to recommend advertising improvements.
- Conducted Amazon SEO research and competitor analysis to improve product visibility and keyword positioning.
- Prepared marketplace reports and recommendations directly for the business owner.

Ecommerce Operations Assistant

Arnel Delima (Freelance)

January 2021 – March 2022

Managed ecommerce operations across Shopee, Lazada, and TikTok Shop.

- Created and optimized marketplace listings using SEO principles and customer search behavior analysis.
- Conducted competitor research, pricing comparisons, and product research.
- Managed order processing, fulfillment coordination, inventory monitoring, and operational reporting.
- Improved workflows through documentation and process standardization.

Customer Service Representative

Concentrix United Airlines Account (Full-time)

September 2022 – October 2025

- Managed high-volume customer interactions involving reservations, schedule changes, cancellations, and travel concerns.
- Investigated complex issues by coordinating with multiple departments to provide timely resolutions.
- Maintained accurate documentation while meeting quality, compliance, and performance standards.
- Developed strong problem-solving, communication, and escalation management skills.

Talent Acquisition Specialist

Recruitment Solutions Department (Full-time)

May 2021 – August 2022

- Managed end-to-end recruitment processes including sourcing, screening, scheduling, and stakeholder coordination.
- Maintained accurate applicant records and recruitment documentation using ATS systems.
- Prepared hiring reports and monitored recruitment pipelines.

CAREER HIGHLIGHTS

- Managed Amazon Seller Central operations for health and wellness brands for 7+ years, supporting advertising, listings, inventory, and marketplace growth.
- Optimized Amazon PPC campaigns through search term analysis, keyword refinement, negative keyword implementation, and campaign adjustments.
- Improved product discoverability through Amazon SEO, competitor research, and listing optimization.
- Supported product launches by aligning advertising strategy, keyword targeting, listing quality, and marketplace readiness.
- Used marketplace data to identify operational issues and provide recommendations related to advertising performance, inventory, and sales growth.

- *Built ecommerce systems and SOPs that improved daily operational efficiency.*
